

CHRISTOPHER N. UNSELL

FULL STACK WEB DEVELOPER

OBJECTIVE

To utilize my full stack skills with a competitive industry leading company.

SKILLS

A mastery of multiple development techniques and the technologies required to implement a full stack application at every level.

Strong presentation and reporting skills paired with strong experience and certifications with Microsoft Office.

Good team member and strong social skills with customers and coworkers along with a good work ethic.

Strong background in programming and web development.

EXPERIENCE

FULL STACK DEVELOPER • HEDGEAPPLE INC • DECEMBER 2018
• CURRENT • 855 416 3066

SUPERVISOR • GLORYDAYS PIZZA • MARCH 2014 – MAY 2018
• 785 271 5151

EDUCATION

SOFTWARE DEVELOPMENT • 2019 • 2021 • WESTERN GOVERNORS UNIVERSITY

I am currently on the Java track of WGU's software development program. With WGU I am getting important industry certifications like A+ and Network+ from CompTIA and others.

FULL STACK WEB DEVELOPMENT CERTIFICATION • 2018 • UNIVERSITY OF KANSAS

This program covers the entire technology stack needed to develop and deploy a web application. Most of the work centers around using NodeJS to deploy modern web apps.

COMPUTER SCIENCE • STOPPED AFTER 2 YEARS IN 2018 • UNIVERSITY OF KANSAS

Courses of note: Programming I & II, Intro to circuit design, Intro to Marketing

HIGH SCHOOL DIPLOMA • GRADUATED 2016 • WASHBURN RURAL

TECHNOLOGY EXPERIENCE

- Using Django to host enterprise grade apps in a python environment
- Using Express to host smaller apps in a NodeJS environment
- React, React routing, Handlebars, Django templating language ect.
- Bootstrap and CSS3 for modern web styling
- SQL and NoSQL databases and associated ORMs
- Hosting solutions including Heroku and AWS

LEADERSHIP EXPERIENCE

In high school I was the lead programmer for the school's BEST robotics. I was also heavily involved in the design, construction and team management. As a member of the debate team my partner and I placed in over 10 tournaments and won 1st in our division at Lawrence Freestate's tournament in 2016.

PROFESIONAL EXPERIENCE

With Hedgeapple I maintained and expanded on their three ecommerce sites PlushRugs.com, Hedgeapple.com, and CompassModern.com. I also helped integrate another brand, Layla Grayce.com, into our existing systems. All Hedgeapple's sites are Django sites utilizing Django's sites system on our own custom ecommerce framework. I also helped rebuild some of the more complex pages with the front end framework React for a more interactive and modern experience.
